- ★ We use an innovative, specially designed lens, with multiple reflectors to optimize beam distribution.
- ★ This lens creates soft, pleasant light, with low glare.
- ★ The lens design provides high luminescence with an even beam pattern.

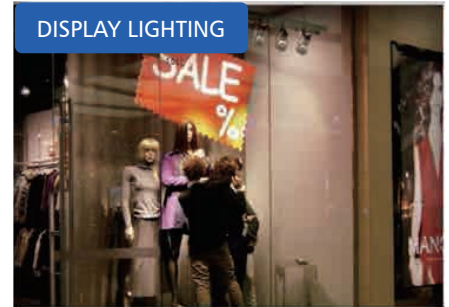

- ★ Unique heat sink design
- ★ Seamless aluminum and thermo-plastic design to reduce the operating temperature of the LED chips.
- ★ Designed to allow air to flow freely, guarantees a longer life.

SPECIFICATION

Product Model	PAR30E11W9DIM40D30K	PAR30E11W9DIM40D50K
Type	PAR30	PAR30
SKU#	8000442	8000459
Base	E26	E26
Power(W)	11W	11W
Voltage-Frequency	120V 60Hz	120V 60Hz
Color Temperature	Warm White 3000K	Daylight 5000K
Ra	>80	>80
Typical Lumen(lm)	850lm	850lm
Efficacy	77	77
Beam Angle	40°	40°
Candela	1600	1600
Dimmable	YES	YES
Power Factor	>0.8	>0.8
Life time	25000H	25000H
Replace	75W	75W
