

**Product**49772

**Number:**

**Order**QT1X150ICE/UNV-T

**Abbreviation:**

**General**1-lamp 120/240V electronic ballast for 150W ICETRON lamp

**Description:**

Product Information

|                                   |                |
|-----------------------------------|----------------|
| Abbrev. With Packaging Info.      | QT1X150ICEUNVT |
| Ballast Factor                    | 1.00           |
| Ballast Height H (in)             | 1.7000         |
| Ballast Length L (in)             | 7.1500         |
| Ballast Width W (in)              | 3.9600         |
| Family Brand Name                 | QUICKTRONIC    |
| Input Current (Amps)              | 0.00           |
| Nominal Voltage (V)               | 120.00         |
| Nominal Voltage (V)               | 120-277V       |
| Number of Lamps                   | 1              |
| Power Factor                      | >0.90          |
| Primary Lamp Type                 | ICE150         |
| Sound Rating                      | A              |
| Starting Temperature - Fahrenheit | -40            |
| Starting Temperature - Celsius    | -40            |
| Total Harmonic Distortion (THD)   | <20%           |
| Wiring Method                     | CONNECTORS     |
