- ★ We use innovative, specially designed reflector and PC cover to optimize beam distribution.
- ★ This reflector and PC cover create soft, pleasant light, with low glare.
- ★ The reflector and PC cover design provides high luminescence with an even beam pattern.

- ★ Unique heat sink design.
- ★ Seamless aluminum and structure design to reduce the operating temperature of the LED chips.
- ★ Excellent heat sink guarantees a longer life.

SPECIFICATION

Product Model

DL4012DIM129030K

Type	Down Light 4
SKU #	8000749
Base	E26
Power(W)	12W
Voltage-Frequency	120V 60Hz
Color Temperature	Warm White 3000K
Ra	>90
Typical Lumen(lm)	900lm
Efficacy	75
Beam Angle	100°
Dimmable	YES
Power Factor	>0.9
Life time	50000H
Replace	75W
